WHO WE ARE

The Comanche County Community Coalition (C4), is a dedicated advocate for improving the quality of life of individuals in Comanche County. We started in 1988 as the Lawton Public School's Substance Abuse Committee and have since blossomed into a powerhouse for positive change. We kickstart and champion proactive programs that inspire everyone to live their best lives. With the help of local organizations, community members, and volunteers, we're sparking impactful activities that truly transform Comanche County for the better.

The primary mission of C4 is to identify and implement proactive programs and strategies that will empower the community to develop healthy, responsible, and involved individuals.

OUR GOALS

1. Reduce substance abuse in youth and adults.
2. Build a dynamic and effective collaborative effort with broad representation from all sectors of the community.

PARENT SUPPORT COMMITTEE

The Parent Support Committee's main goal is helping kids by helping parents.

The Parent Support Committee focuses on:

- Assessing the needs of Comanche County parents and families through a community survey.
- Identifying the local resources available to meet the needs from the survey.
- Collaborating with nonprofits/organizations in finding ways to assist families.
- Hosting and attending family centered community events to engage with parents.
- Connecting parents with community resources to help ease the struggles families face.
